

WASHING INSTRUCTIONS

Step 1:

Brush out gently using wire wig brush. Hand wash in cool water gentle wig shampoo.

Step 2:

Rinse in clean cool water. If not using a gentle special wig shampoo we recommend a second rinse with a capful of a liquid fabric softener.

Step 3:

Fluff up fiber of wig to allow air to circulate. Allow to dry naturally on a towel; do not hang to dry. Allow to dry thoroughly before brushing.

- Special fibres cannot be toned or coloured. In following the above care instructions, you will obtain lasting satisfaction from your wig.
